

# Bring Your Own Device (BYOD) Policy

Policy No: POL-IT-008 | Version: v1.5 | Department: IT Department & HR | Effective: March 17, 2026

## 1. PURPOSE

This policy establishes guidelines for employees who use personal devices to access company data, applications, and systems. It balances employee flexibility with the need to protect company information and maintain security standards.

## 2. SCOPE

This policy applies to all employees, contractors, and authorized users who use personally-owned mobile phones, tablets, laptops, or other devices to access any company resources.

## 3. TABLE OF CONTENTS

| Section | Title                            |
|---------|----------------------------------|
| 4       | Eligibility & Enrollment         |
| 5       | Acceptable Devices               |
| 6       | Security Requirements            |
| 7       | Company Data on Personal Devices |
| 8       | Privacy & Monitoring             |
| 9       | Device Loss & Termination        |

## 4. ELIGIBILITY & ENROLLMENT

- Employees must obtain manager approval before using personal devices for work.
- Approved devices must be enrolled in the company Mobile Device Management (MDM) system.
- Enrollment agreement must be signed before any company access is provisioned.
- Maximum 2 personal devices per employee may be enrolled simultaneously.
- Enrollment does not create any obligation for the company to provide support for personal devices.

*Note: Employees who decline to enroll personal devices will be issued company-owned devices for required access.*

## 5. ACCEPTABLE DEVICES

## 5.1 Supported Platforms

- iOS 16 and above (iPhone, iPad).
- Android 12 and above.
- Windows 11 (laptop/desktop) with latest security updates.
- macOS 13 (Ventura) and above.

## 5.2 Device Requirements

- Device must not be jailbroken or rooted.
- Screen lock must be enabled with PIN, password, or biometric.
- Device must be free of known malware before enrollment.
- Device must support remote wipe capability.

## 6. SECURITY REQUIREMENTS

---

- MDM agent (Intune / Jamf) must be installed and kept active at all times.
- Device encryption must be enabled (FileVault on Mac, BitLocker on Windows, device encryption on mobile).
- Automatic OS and security updates must be enabled.
- Company email and data must be stored only in approved, containerized applications.
- Screen lock must activate within 2 minutes of inactivity.
- VPN is required when accessing company systems via personal devices on public networks.
- Antivirus/anti-malware software is required on laptop and desktop devices.

## 7. COMPANY DATA ON PERSONAL DEVICES

---

### 7.1 Data Separation

Company data and applications must be containerized separately from personal data using MDM controls. Personal files, photos, and apps remain private and separate from company data.

### 7.2 Permitted Company Data

- Work email and calendar (via approved apps only).
- Company documents via approved cloud apps (SharePoint, OneDrive).
- Business applications approved through the company app catalog.

### 7.3 Prohibited Actions

- Copying company data to personal storage or apps.
- Sharing company documents via personal email, messaging apps, or social media.
- Taking screenshots of confidential information.

## 8. PRIVACY & MONITORING

---

The company respects employee privacy on personal devices. MDM monitoring is limited to company data and applications only.

- IT can see: Enrolled device name, OS version, installed work apps, compliance status.
- IT CANNOT see: Personal photos, messages, contacts, browsing history, or personal apps.
- Remote wipe is limited to company data container only — personal data is not affected unless a full wipe is required for a lost/stolen device.

*Note: By enrolling your device, you consent to the limited monitoring described above related to company data and applications.*

## 9. DEVICE LOSS & TERMINATION

---

### 9.1 Lost or Stolen Device

- Report to IT Security immediately: security@company.com or hotline 1800-IT-HELP.
- IT will remotely wipe company data from the device.
- File a police report if theft is suspected (required for insurance purposes).

### 9.2 Employee Termination or Resignation

- Company data will be remotely wiped within 24 hours of termination.
- MDM enrollment is automatically revoked.
- Company apps, email, and access credentials are immediately deactivated.
- Personal data is not affected by the offboarding wipe process.

## ACKNOWLEDGEMENT

---

### EMPLOYEE ACKNOWLEDGEMENT

I, the undersigned, confirm that I have read, understood, and agree to comply with this policy. I understand that violation of this policy may result in disciplinary action.
